

ROCTEST APPOINTS CHIEF TECHNOLOGY OFFICER

St-Lambert, Québec, May 25 2006 – Roctest Ltd (TSX: RTT) In the wake of its acquisition of Smartec SA, Roctest is pleased to announce the appointment of Dr. Daniele Inaudi, co-founder of Smartec, to the position of Chief Technology Officer (CTO) of Roctest Ltd.

“Daniele is much respected and well known in the optics community” said Mr. François Cordeau, President and Chief Executive Officer of Roctest Ltd. “His extensive knowledge and experience in fiber optics sensing and applications, combined with his leadership skills will be major assets to Roctest in its quest to become the dominant player in its industry. Daniele will report to me and will continue to act as CTO of Smartec in Manno, Switzerland”, added Mr. Cordeau.

Dr. Daniele Inaudi has a degree in physics from the Swiss Federal Institute of Technology in Zurich (ETHZ) and obtained his Ph.D. in civil engineering at the Laboratory of Stress Analysis (IMAC) of the Swiss Federal Institute of Technology in Lausanne in 1997. In 2004, he received a Master in Business Administration from the University of Applied Sciences of Southern Switzerland. He is an active member of OSA, SPIE, IABSE, chairman of the Sensor conference at the annual “SPIE International Symposium on Smart Structures and Materials” and member of the organizing committee of the annual “International conference on Optical Fiber Sensors”. Dr. Daniele Inaudi is the author of more that 100 papers.

About Roctest

Roctest designs, manufactures and markets sensors and high-precision measuring instruments for the civil engineering, energy, healthcare and industrial control markets. The Company is recognized for its leading-edge technology, the quality of its technical expertise and its products development capabilities for challenging and demanding environments. Its products are mainly sold internationally. The Company has more than 150 employees and its shares are listed on the Toronto Stock Exchange under the symbol RTT.
